

EDITORIAL

Dear Colleagues,

We are very happy to welcome you at the Fourth International Congress of Breast Disease Centers in Paris.

This event will gather a lot of clinicians coming from the major centers involved in the detection, prevention and treatment of breast diseases and be supported by major national and international societies or centers of oncology, gynecology, mastology, and radiology. More than 150 Breast Disease Centers have already joined the Board.

We have enlarged the Board of Directors of Breast Disease Centers associated with this Fourth International Congress. A preparatory meeting of this board was held in Paris on April 19, 2013 and JAThe response from continents and we are expecting a strong level of international participation.

We want to thank the European Society for Medical Oncology, the Senologic International Society, the Federation Latinoamericana de Mastologia, the Breast Centres Network, the Union for International Cancer Control, and all the other societies, that brought us their precious support.

We look forward to your active participation in this innovative event and to welcoming you in Paris next February.

Yours sincerely,

Dr. Marc ESPIE

President of the congress, Breast Disease Center Saint Louis Hospital, Paris - France
